  <h3>
    PAMSIKA
  </h3>
  <p>
    This is an e-commerce mockup project. The idea was to create a website that would allow users to buy and sell products. The website is called Pamsika which is the Chichewa word for market. The website is a work in progress.
  </p>
  <p>Project Repo: <a href="https://github.com/Lingaombe/Pamsika" target="_blank">Pamsika</a></p>
  <p>Project Website: <a href="https://lingaombe.github.io/Pamsika/" target="_blank">Pamsika</a></p>
</div>
<div class="project">
  <h3>
    ROOT
  </h3>
  <p>
    The idea for this website came from a prompt on <a href="https://goodbrief.io" target="_blank">goodbrief.io</a>. The idea was to create a website for a condo realtor company called ROOT that has a large selection of condos to rent and sale all over the country. This website made it to this portfolio because it is the first website I ever made after learning about RWD (Responsive Website Design).
  </p>
  <p>Project Repo: <a href="https://github.com/Lingaombe/Root" target="_blank">ROOT</a></p>
  <p>Project Website: <a href="https://lingaombe.github.io/Root/" target="_blank">ROOT</a></p>
